Work experience

Real Time Delivery Management

Project
05/2021 - 06/2021

- <https://real-time-delivery-app.herokuapp.com/>
- Implemented shortest path detection algorithm: Dijkstra, to detect the nearest delivery executive and then find the shortest route to delivery the product.

DevConnector

Project
01/2021 - 02/2021

- <https://whispering-woodland-75069.herokuapp.com/>
- Social media platform for developers.
- Users can authenticate and interact with other developers, can chat and also view others profile.
- Use GitHub API to link users GitHub repositories.
- Developed and integrate APIs in server-side to receive users data and store it in database.
- Created mongodb database schemas.

Fyntune Solutions Pvt Ltd

React Developer Intern
12/2020 - 01/2021

- Planned, wrote, and debugged web applications.
- Liaised with back end developers, front end developers and quality assurance testers.
- Developed app integration with REST and other APIs for Google Maps, social media logins and other services.

Education

National Institute Of Technology, Raipur

2018 - present

Bachelor's of Technology (B.Tech)
Final Year Student

Litera Valley School

2015 - 2017

Senior Secondary(XII), Science
Percentage: 80.02%

Achivements

2021

6 star rating @ Hackerrank

2021

Solved 500+ questions implementing Data structures and algorithms
